WORK EXPERIENCE

CAREER TECHNICAL SCIENCE COMPUTER SCIENCE TEACHER
Richland High School (2022-Present)

Design and deliver rigorous instruction in AP Computer Science A, AP Computer Science Principles, Cybersecurity, and AVID, aligning curriculum with both state standards and industry expectations. I incorporate real-world applications and project-based learning to deepen student understanding of programming, cybersecurity, and IT concepts, while also preparing them for industry certifications and postsecondary success. I also serve as an advisor for Technology Student Association and Cyberpatriot clubs, mentoring students in leadership roles and competition preparation. I also serve on multiple building and district committees to support student improvement in our district.

BUSINESS SYSTEM ANALYST
Richland School District (2020-2022)

Provide business process support and technical assistance in identifying issues, gathering requirements, developing training, implementing solutions, and maintaining applications and procedures with the district's fiscal and human resource management systems.

LEAD ASSISTANT
Richland School District (2017-2019)

Work closely with the Executive Director of Teaching, Learning, and Curriculum to support numerous committee groups composed of staff and community members. Read and edit board memorandums. Manage the TLC budget, Tech Levy, and Grants held within the department. Work closely with teachers and admin to assist regarding online curriculum, department budgets, and contractual services. Plan and support annual New Teacher Orientation and Secretary In-Service events. Support any district initiatives that come to the Teaching & Learning department.
